APPLE TV

Use this guide in conjunction
with your Apple TV

ADDING THE MVSSTREAM CHANNEL TO YOUR APPLE TV

To add the **MVSStream** app to your Apple TV, press the Menu button, swipe Right to the App Store from the home screen of your Apple TV, and press the Touch surface. Select the Search option on the top-level menu and use the on-screen keyboard to type in **MVSStream**.

Select and click the Install button to begin the installation. Once the installation is completed, you will be prompted for an Account Code.

If you haven't received it, please contact Lynxx Networks at 608-427-6515.

Navigating Apps Content and Lists

You can swipe Left, Right, Up or Down on the Touch surface to highlight an app or content item. Onscreen, a highlighted app or content item expands slightly. Press on the Touch surface to open a highlighted item.

To return to the previous screen, press the Menu button. To return to the Home screen, press and hold the Menu button.

Watching Lynxx Networks / MVSStream TV

From Home Screen, using the Touch surface, highlight the **MVSStream** icon and swipe Up. Swipe Right to highlight a channel that you want to watch. Press the center of the Touch surface and then press Watch to view the channel. Swipe Down and highlight Record to set a recording for this program. Highlighting and selecting Search allows you to see other times when the program is available to watch, or to set a recording for the program.

Fast Forward and Rewind Features

There may be times when you want to go back and see that exciting play in the game or fast forward through commercials. (Don't tell the advertisers!) To use this feature during an in-progress or recorded program, press the Play/Pause button on your remote control.

Swipe Left on the Touch surface to Rewind the program, and Swipe Right to Fast Forward through the program.

When watching a recorded program, a counter will display the amount of time from the beginning of the program to where you have scrolled to. You will also see the amount of time that had elapsed into the program when you first press the Play/Pause button. The end counter shows the amount of time left till the end of the program, depending on where you have scrolled to. Press the Play/Pause button a second time to resume watching the program.

Program Search Features

Use the Search feature from the Tab Bar to find Live, Recorded, and Future programs that can be recorded. Swipe Right, highlight Search and then press on the Touch surface to open the program search. Swipe Left or Right to highlight letters that correspond with the program you are searching for and press the Touch surface to see results.

The results will include Live, Future, and Recordings of programs that match your search. Use your Touch surface to select your program either from the Live TV or Recordings results. Follow the instructions in this guide for watching or recording any of these programs.

Restart TV

This popular feature lets you go back to the beginning of any currently airing or in-progress recorded program that has the Restart Option.

While watching live TV, swipe up on the Touch surface, to open an Options screen. Restart from Beginning will be highlighted. Press the center of your Touch surface to restart to the beginning of the program. You can also use this feature when you are watching an in-progress recording. Watch Live will take you back to the program in real time.

Programs that have the Restart option will display the Green Restart icon in the Guide and program description.

Because of programming restrictions, some programs don't allow for the Restart function. Please contact our office if you have questions regarding this.

Pause Live TV

Life happens and there may be times when you need to take care of something while watching your favorite program. Use the Pause Live TV feature by pressing the Play/Pause button once on your remote control. When you want to restart your paused program, just press the Play/Pause button again to restart the program where you left off.

On-Screen Guide Management

To access the Program Guide from the Home Screen, highlight the **MVStream** icon and press the Menu button. Swipe Up or Down on the Touch surface to scroll through your channel lineup. Swipe Right to see future times and programs in the Guide. Programs highlighted in Blue are currently airing programs and can be watched by pressing the Play/Pause button on your remote.

You can press the Touch surface on any program highlighted in Blue for additional options. Press Watch to view a current-airing program. Swipe down and highlight Record to set a recording for this program. Highlighting and selecting Search allows you to see other times when the program is available to watch or to set a recording for this program.

Recording Programs From the Guide

Select a currently-airing or upcoming program, swipe to highlight Record, and press the Touch surface to create a recording for this program. See the Recording Programs sections of this guide for Recording instructions.

Tab Bar

From the Program Guide, press the Menu button to open the Tab Bar. The Tab Bar allows you to swipe Left or Right to access Guide, Recording, and Search options, which will be covered in subsequent pages of this guide.

Recording Your Programs

Making a Recording

When you select Record, a screen will display that gives you the options for setting a series rule for this program. If you don't want to set a Series Rule for this program, select One-Time Recording. To further manage this recording, go to the Tab Bar and select the Recordings option.

Watching Your Recordings

Recordings can be viewed from either the Recordings or Search screen options. Select Recordings from the Tab Bar to open the Recordings screen. Highlight and select Current to open your recorded program list. Scroll through the list, select the program you want to watch, and press the Touch surface to start watching the program. You can also delete the program by swiping Right, and then highlighting and selecting Delete. You will receive a prompt asking you to confirm the deletion.

From any of your Search options, you can see a list of recordings for a specific program by highlighting and pressing on Search. Swiping Up or Down on the remote Touch surface allows you to scroll through all recorded, live, or upcoming programs of an episode or a series. If the highlighted program has been completely recorded, the Watch button will display. Press the highlighted program on your Touch surface to watch the recording. Future programs can be recorded by highlighting and pressing the Record button.

Watching In-Progress Recordings

The best way to watch an in-progress recording from the beginning is to use the Restart feature, which is detailed in the Restart section of this guide.

Managing Your Recordings

Current Recordings

To watch or delete current recordings, go to the Tab Bar above the Program Guide and select the Recordings option. Highlight Current and press the Touch surface to open the list of your Current recordings. From this list you can either watch or delete your recorded programs by highlighting and selecting the option with your Touch surface. If you choose to Delete a program, you will receive a prompt asking to confirm your deletion.

Upcoming Recordings

Use the Upcoming feature to manage settings for your future recordings. From the Recordings screen, highlight Upcoming and press the Touch surface to open the list of Upcoming Recordings. Scroll through the list; highlight and press the Touch surface to open the Upcoming Program recording that you want to manage. To assure that you don't miss the beginning of a program, you can change the Start Recording time by highlighting Start Recording and pressing the Touch surface. This will open a screen that gives you options on how Early, Late, or On Time you want a program to begin. Scroll through and highlight your option, and press the Touch surface to set the Start Recording time. The Stop Recording functions the same way as the Start Recording feature and is beneficial when watching sporting events. Once you have finished your changes, highlight Save and press the Touch surface.

Rules

Use the Rules feature to manage the episodes of a series that you want recorded automatically. From the Recordings screen, highlight Rules and press the Touch surface to open the list of Series recordings. Scroll through the list; highlight and press the Touch surface to open a series. At this point an Edit Rule screen will open. Highlight and select Keep at Most to choose a maximum number of episodes that you want to keep of this series, or you can choose to keep All Episodes.

You can also choose to set the Start and Stop Recording times for all episodes in this series. This option works the same way as it does in the Upcoming Recordings. Once you have finished your changes, highlight Save and press the Touch surface.
